

EVERTON

VOTE TO SAVE SOLAR

Queensland has 300 sunny days a year. We should be taking advantage of this by investing in solar to reduce our power bills. But instead of backing the technologies of the future, the LNP wants to scrap Queensland's renewable energy target.¹ **Why are the LNP attacking solar power?**

To vote for solar, **VOTE AGAINST THE LNP**

Here's how:

LABOR

- 1** CLINCH, Bridget
THE GREENS
- 2** GREENE, David
AUSTRALIAN LABOR PARTY

Why these candidates?

To determine who appears on this how to vote card, parties and candidates were researched and surveyed for their position on 26 policy areas. These are the candidates who won't scrap the renewable energy target. For more information and the full results of the survey go to: getup.org.au/qld-votes

Remember to number **every** box to make your vote count.
