Karen Iles	28 November 2018
Min Guo	16 February 2016
Sara Saleh	16 February 2016
Lyn Goldsworthy (resigned 30 November 2019)	16 February 2016

Biographies of Directors and Secretary

Directors

Carla McGrath

Chair of the Board since 24 November 2019
Deputy Chair of the Board until 24 November 2019
Chair of the Governance Committee until 24 November 2019
Member of the Governance Committee
Member of the Finance Committee since 24 November 2019

Carla is a proud Torres Strait Islander woman. Raised on the Australian mainland, Carla retains strong family and community ties to the Torres Strait. Carla brings a wealth of experience in Indigenous public policy and collaborative leadership, having worked as Program Lead for the Atlantic Fellows for Social Equity, Head of Sustainability at the National Centre of Indigenous Excellence (NCIE), Relationship Manager at Australian Indigenous Mentoring Experience (AIME), Co-Chair of the Management Committee of the NSW Reconciliation Council, Vice Chair of Australian Youth Affairs Coalition (AYAC), Board Director of Flashpoint Labs and the George Hicks Foundation, Member of the AIME Corporation, Member of The Smith Family Aboriginal and Torres Strait Islander Advisory Panel and a Public Member of the Australian Press Council. Carla currently runs her own independent consultancy business and is the Chair of Blakdance.

Phil Ireland

Chair of the Board until 24 November 2019

Member of the Strategy & Risk Committee since 26 September 2019

Member of the Finance Committee until 24 November 2019

Phil Ireland is a strategist, policy expert and digital campaigning professional. Phil has over a decade's experience working across a range of organisations from Not-For-Profits to Government to the private sector. Phil's currently serves as the Deputy Executive Director for the Online Progressive Engagement Network (OPEN), where he works across some of the world's largest digital campaigning organisations. Phil holds a Ph.D. in climate change in addition to a B.Sc (Hons I) and B.A. He has authored several peer-reviewed academic articles, book chapters and articles in the public media. He is a Conjoint Academic at The University of Newcastle and has conducted occasional lectures at conferences and other academic institutions. Phil is a Graduate of the Australian Institute of Company Directors.

Stephen Monk

Deputy Chair of the Board since 24 November 2019 Treasurer and Chair of the Finance Committee Member of the Strategy & Risk Committee

Stephen Monk is an IT entrepreneur with several successful consulting and product businesses in the UK and Australia. Within these organisations he provides technical leadership, strategic direction and financial management. He's a software developer at heart, and now spends most of this time working with large enterprises to help their staff embrace new technology and become more digitally savvy. Stephen has a Bachelor of Arts and Bachelor of Science majoring in Applied Computing, Political Science and Psychology from the University of Tasmania.

Alex Rafalowicz

Chair of the Strategy & Risk Committee until 24 November 2019 Member of the Strategy & Risk Committee Member of the Finance Committee until 24 November 2019

Alex Rafalowicz's grandparents survived the holocaust and then settled on Kaurna Country (Adelaide) where his grandfather served as Rabbi. This heritage has inspired his life-long commitment to anti-racism, social, and climate justice and the importance of community. He is currently the Global Director of Programmes at 350.Org and previously served as a strategic adviser at Code Nation, including a secondment to Humberto De La Calle Presidente. Before that he was the Executive Director at the Climate Action Network of Australia where he came from working with international climate justice coalitions, including assisting in the founding and coordination of the Global Campaign to Demand Climate Justice. Alex helped found the Australian Youth Climate Coalition and led GetUp's electoral enrolment campaign in 2010. Alex has a Bachelor of Laws (Hons I) and Bachelor of Arts (Political Science) from the Australian National University as a Charles Hawker Scholar; a joint European Master in Law and Economics (LLM Cum Laude and M.Sc. Economics) from the Indira Gandhi Institute of Development Research, Gent University and University of Bologna on a Erasmus Scholarship; and an Executive Education Certificate in Organising, Leadership and Action from the Harvard Kennedy School.

Daniel Stone

Chair of the Governance Committee since 24 November 2019 Member of the Governance Committee

Daniel Stone is an experienced social justice advocate, having worked on a number of national, state and local progressive campaigns. Daniel specialises in data led campaign communication and media production - with a focus on developing digital, video and graphic tools that engage and move people to action. He's a founder of PrincipleCo, which is contracted to do digital advertising for a number of businesses and organisations across Australia. Daniel has a Bachelor of Arts, Communications with Honours and the University Medal from the University of Technology, Sydney.

Karen Iles

Member of the Governance Committee

Member of the Finance Committee since 24 November 2019

Karen is a lawyer, non-executive director, corporate social responsibility leader, experienced campaigner and feminist. Her passion for human rights, diversity and inclusion and environmental sustainability has seen her work with a number of organisations in both the corporate and not-for-profit sector. Karen is the Director and Principal Solicitor of Violet Co. Karen is admitted to legal practice in the Supreme Court of New South Wales and a member of the Australian Institute of Company Directors. She has held a number of not-for-profit directorships during her career.

Min Guo

Member of the Strategy & Risk Committee Member of the Governance Committee

Min Guo is a Victorian barrister. His areas of practice include class actions, immigration, and freedom of information. He also has a research focus in issues relating to access to justice, examining asymmetric power structures in both the civil and criminal justice systems. Min has First-Class Honours in both a Bachelor of Laws and a Bachelor of Engineering from the University of Adelaide.

Sara Saleh

Member of the Strategy & Risk Committee

Member of the Finance Committee since 24 November 2019

Sara Saleh is an award-winning Arab-Australian human rights activist, writer and poet living and learning on Gadigal Land (Sydney). A longtime campaigner for refugee rights and racial justice, Sara has spent the last decade working with international organisations, including Amnesty International and CARE International in Australia and the Middle East. Her work has focused on media advocacy, law and policy change, and has taken her from the refugee camps of Palestine, Lebanon, Jordan, and the Syrian border, to the streets of Western Sydney. Sara holds a Bachelor of Social Sciences - Government (Class I Honours) from The University of Sydney, and a Masters of Human Rights Law/Policy from UNSW, where she is currently completing her Juris Doctor, concentrating on police accountability, the prison industrial complex, and the incarceration/detention of marginalised populations. Sara's first poetry collection was released in August 2016. Her poems have been published in English and Arabic in SBS Life, Australian Poetry Journal, Meanjin, Cordite Poetry Review, Bankstown Poetry Collections and global anthologies A Blade of Grass, Making Mirrors, and Solid Air. She regularly speaks and performs nationally and internationally, and her writing has appeared in The Guardian, Fairfax, SBS, and Junkee. Sara is co-editor of the recently released anthology, Arab, Australian, Other: Stories on Race and Identity (Picador 2019), and is developing her debut novel as a recipient of the Affirm Press Mentorship for Sweatshop Writers. She is a proud Bankstown Poetry Slam 'Slambassador'.

Lyn Goldsworthy (resigned 30 November 2019)

Member of the Governance Committee until 24 November 2019

Lyn Goldsworthy is a long-time environmental activist and trainer who has worked on both global and local issues in Australia, Europe, the Pacific and Asia. Lyn was awarded the Order of Australia (Member) for her work in conservation and environment and the New Zealand Antarctic Trophy for her role in securing a ban on mining in the Antarctic. She has extensive experience in assisting not-for-profit organisations become more effective and efficient and has served on several boards. Lyn is currently undertaking a PhD at the Institute of Marine and Antarctic Studies, University of Tasmania.

Company Secretary

Natalie O'Brien

Natalie O'Brien is GetUp's Chief of Staff and Company Secretary. She previously led GetUp's economics campaigns portfolio. Natalie's general management skills allow her to confidently lead personnel and exercise sound judgement across a broad range of functions. She has previously held positions with NSW Department of Premier and Cabinet, the 2012 Obama presidential campaign and leading LGBTQIA+ advocacy organisation, Immigration Equality. She holds a Bachelor of International Studies with First Class Honours and is currently completing a Graduate Certificate in Social Impact, both from the University of New South Wales.

Short-term and long-term objectives

The Company's short-term objectives are:

- to be responsive and accountable to members, supporters, and donors;
- to give members and supporters the opportunity to hold power to account through targeting governments, corporations and other decision makers;
- · to empower the community to create more victories on progressive issues;
- to structure itself in such a way that allows it to respond quickly to the changing media and political environment that surround its campaigns:
- to leverage traditional and social media to increase the impact of campaigns: and,
- to partner with stakeholders to strengthen campaigns.

The Company's long-term objectives are:

- · to campaign for a more progressive Australia;
- to build a diverse community of Australians committed to creating a more progressive Australia; and
- to provide new and innovative ways for Australians to participate and have an impact on major issues.

Strategy for achieving short and long-term objectives

To achieve its objectives, the Company has adopted the following strategies:

- The Company strives to employ and maintain a highly skilled staff, supported by committed volunteers, across core functions including campaigning, technology, fundraising and membership services and administration. The Directors consider this critical to achieve all of the Company's short-term and longterm objectives.
- The Company is committed to being a people-powered organisation. All public correspondence concerning campaigns and donations is tabulated to provide quantitative and qualitative feedback to management. Monthly research is conducted among members, supporters, and donors to help guide the organisation's priorities. This contributes to the short-term objective of being responsive and accountable to donors, members and supporters and to the long-term objective of building a diverse community of Australians committed to creating a more progressive Australia.

- The Company constantly experiments with new campaign tactics to ensure it remains effective. This includes experimenting with the use of aggregate shareholder and consumer power, and facilitating decentralised organising. This contributes to the short-term objective of giving members and supporters the opportunity to hold power to account through targeting governments, corporations and other decision makers. This contributes to the long-term objective of providing new and innovative ways for Australians to participate and have an impact on major issues.
- The Company has invested in empowering individuals and community groups through providing
 education, training and cutting-edge online tools to help them win campaigns on issues that matter to
 them. This contributes to the short-term objective of empowering the community to create more
 victories on progressive issues. This contributes to the long-term objective of campaigning for a more
 progressive Australia.
- The Company strives to make its campaigns timely and relevant to generate media coverage to
 increase the reach of its message. Similarly, the Company produces innovative and engaging content
 to engage members and supporters on social media to accelerate viral growth of campaigns. This
 contributes to the short-term objective of leveraging traditional and social media to increase the impact
 of campaigns.
- The Company works extensively with relevant sector organisations and experts to contribute to the
 policy development and research that underlies campaigns. This increases the velocity, quality and
 credibility of the organisation's campaign activities. This contributes to the short-term objectives of:
 structuring the Company in such a way that allows it to respond quickly to the changing media and
 political environment that surround its campaigns; and of partnering with stakeholders to strengthen
 campaigns.

Principal activities

The principal activities of the Company during the financial year were to advocate for a more progressive Australia through:

- developing, researching and executing campaigns on issues of economic fairness, climate justice, human rights and democracy;
- engaging the public, members, supporters, politicians, the media and the community on campaigns;
- allowing members and supporters to take targeted and effective online and offline action on campaigns;
- developing the infrastructure, training, education and support to enable members to lead decentralised action groups; and
- creating technology and media to enable supporters to more effectively engage with campaigns and content.

No significant change in the nature of these activities occurred during the financial year.

How activities assisted the entity to achieve its objectives

A review of the operations of the company over the year and the results of those operations are as follows:

GetUp is a national people-powered campaigning organisation whose mission is to achieve a fair, flourishing and just Australia by giving people opportunities to have extraordinary impact. GetUp is and always has been an issuesbased and independent organisation. GetUp continues to put everyday people back into the heart of Australian politics by building and developing people power, technology and new media channels to enable more people to speak out on the issues they are passionate about.

In 2019-20, GetUp members – the million plus Australians who take action with GetUp – have led vital campaigns in the areas of First Nations justice, economic fairness, climate justice, human rights, free media and democracy.

During the devastating 2019 summer bushfire season, GetUp members turned out around the country to shine a light on the urgent need for climate justice. GetUp members rallied in support of the School Strikes for Climate Action and stood in solidarity with First Nations communities around Australia fighting against the dirty and destructive gas industry. GetUp also kicked off an Organising Fellowship to help develop a new cohort of climate activists in communities around Australia, as well as deployed the GetUp Action Network, a national network of local groups, to campaign for climate justice and a fair recovery.

In 2020, GetUp members were at the heart of the Viral Kindness movement, setting up community care groups that support neighbours and community members in need or who are experiencing isolation as a result of the COVID-19 pandemic. GetUp members also fought for a fair 'Peoples Recovery', advocating for ongoing support for everyday people and a bold new vision for the post-COVID-19 era that creates resilient jobs, clean investment and an economy that puts people first. A report released by GetUp and progressive think tank Per Capita in May 2020 argued that Australia relied on the ABC like never before during the twin crises of bushfires and COVID-19, and that funding cuts must be reversed to keep our communities safe and keep our democracy thriving.

Finally, GetUp members also raised their voices in support of the global Black Lives Matter movement. In Australia, First Nations people have endured hundreds of years of systemic racism, violence and deaths in custody. 437 First Nations people have been killed in custody since 1991 and not a single person convicted. In May 2020, GetUp members stood in solidarity with First Nations people and black communities calling for leadership, action and justice.

Over the course of this financial year, the GetUp movement remained steadfast and resilient. Over the year, GetUp members took over 2,250,451 actions online, as well as taking thousands of offline actions prior to March 2020 through their participation in the GetUp Action Network and attending hundreds of events, rallies, marches, and vigils. In 2019-20, GetUp received money from 63,325 individual donors, making up 560,571 individual transactions. 97% of these donations were under \$100.

GetUp is a not-for-profit company with the principal aim of investing revenue into campaign activities and meeting the operating costs of the organisation.

Key performance measures

The Company regularly monitors and evaluates its financial sustainability and performance against its objectives through using qualitative and quantitative benchmarks. Comprehensive tracking of growth, online engagement, fundraising, media mentions and financial performance are used by management to routinely assess the effectiveness of individual campaigns and the organisation's broader objectives.

Directors' meetings

The number of meetings of Directors (including meetings of Committees of Directors) held during the year and the number of meetings attended by each Director, is as follows:

	Board meetings		Committee meeting	
	Entitled to attend	Attended	Entitled to attend	Attended
Carla McGrath	6	6	5	5
Phil Ireland	6	6	5	5
Stephen Monk	6	6	8	8
Alex Rafalowicz	6	4	6	3
Daniel Stone	6	5	3	3
Karen Iles	6	4	5	3
Min Guo	6	5	6	4
Sara Saleh	6	6	5	5
Lyn Goldsworthy	4	4	2	2

Contribution in winding up

The Company is incorporated under the Corporations Act 2001 and is a Company limited by guarantee. If the Company is wound up, the constitution states that each member is required to contribute the lesser of:

- a) The amount required for:
 - i) payment of the Company's debts and liabilities that were contracted before the person ceased to be a Member;
 - ii) the costs, charges and expenses of the winding up; and
 - iii) adjustment of the rights of contributors between themselves; or
- b) \$10.00.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under s.307C of the Corporations Act 2001 is included in page 10 of this financial report and forms part of the Directors' Report.

Signed in accordance with a resolution of the Directors.

Auditor's Independence Declaration

To the Directors of GetUp Limited

Grand Thorndon.

James, Wate

In accordance with the requirements of section 307C of the Corporations Act 2001, as lead auditor for the audit of GetUp Limited for the year ended 30 June 2020, I declare that, to the best of my knowledge and belief, there have been:

- 1. no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- 2. no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the Financial Statements

1 General information and statement of compliance

The financial report includes the financial statements and notes of GetUp Limited (the "Company") as a not-for-profit Company limited by guarantee.

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements, the Charitable Fundraising Act (NSW) 1991 and the Corporations Act 2001.

The financial report has been prepared on an accruals basis and is based on historical costs. The following material accounting policies, which are consistent with the previous period, have been adopted in the preparation of this report. The Company is domiciled in Australia and the financial statements are presented in Australian dollars which is the Company's functional and presentation currency.

The financial statements for the year ended 30 June 2020 were approved and authorised for issue by the Board of Directors on 20 November 2020.

2 Changes in accounting policies

2.1 New standards adopted as at 1 July 2019

The Entity has applied the following standards and amendments for the first time in their annual reporting period commencing 1 July 2019:

- AASB 15 Revenue from Contracts with Customers;
- AASB 1058 Income of Not-for-Profit Entities; and
- AASB 16 Leases.

The Entity has elected to adopt these new accounting standards using the modified retrospective (cumulative catch-up) method from 1 July 2019 and therefore the comparative information for the year ended 30 June 2019 has not been restated.

The following changes to accounting policy occurred for the Company on adoption of AASB 15 and AASB 1058.

These standards replace the existing requirements in AASB 1004 Contributions. AASB 1004 continues to be in force. However, its scope has now been reduced to only cover issues specific to government departments and contributions by owners in the public sector.

Donations campaign funds received and bequests

Under AASB 1004, most donations, campaign funds and bequests were recognised as revenue on receipt. Under AASB 1058 and AASB 15, where an agreement is enforceable and contains sufficiently specific performance obligations, the revenue is either recognised over time as the work is performed or recognised at the point in time that the control of the services pass to the customer. Generally, the Company's donations are recognised in accordance with AASB 1058, and therefore there is no significant impact for the Company from the adoption of AASB 1058 and AASB 15.

Ongoing revenue recognition policies for revenue streams which are either not enforceable or do not have sufficiently specific performance obligations (AASB 1058) – refer 3.2 below

Revenue recognition policy for revenue from contracts with customers (AASB 15)

AASB 15 requires revenue to be recognised when control of a promised good or service is passed to the customer at an amount which reflects the expected consideration. The customer for these contracts is the fund provider.

Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer
- 2. Identify the performance obligations
- 3. Determine the transaction price
- 4. Allocate the transaction price
- 5. Recognise revenue

Generally, the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

The Company is not generally subject to these contract arrangements.

AASB 16 Leases

AASB 16 replaces AASB 117 Leases and some lease-related interpretations. The adoption of this new standard has resulted in the Company recognising a right-of-use asset and related lease liability in connection with all former operating leases except for those identified as low-value or having a remaining lease term of less than 12 months from the date of initial application. The standard has been applied using the modified retrospective approach, with the cumulative effect of adopting AASB 16 being recognized in equity as an adjustment to the opening balance of retained earnings for the current period. Prior periods have not been restated.

For contracts in place at the date of initial application, the Company has elected to apply the definition of a lease from AASB 117 and other lease-related interpretations and has not applied AASB 16 to arrangements that were previously not identified as a lease under AASB 117 and other lease-related interpretations.

At the date of initial application of AASB 16, being 1 July 2019, the Company has elected to measure the right-ofuse asset at an amount equal to the lease liability adjusted for any prepaid or accrued lease payments that existed at the date of transition.

On transition, for leases previously accounted for as operating leases with a remaining lease term of less than 12 months and for leases of low-value assets the Company has applied the optional exemptions to not recognise right-of-use assets but to account for the lease expense on a straightline basis over the remaining lease term.

On transition to AASB 16 the weighted average incremental borrowing rate applied to lease liabilities recognised under AASB 16 was 4.39%.

The Company has benefited from the use of hindsight for determining the lease term when considering options to extend and terminate leases.

The following is a reconciliation of the financial statement line items from AASB 117 to AASB 16 at 1 July 2020:

Total Operating lease commitments disclosed at 30 June 2019	496,291
Exemption for leases expiring within 12 months of transition date	(462,794)
Total Lease liabilities before discounting	33,497
Discounted using incremental borrowing rate	(3,766)
Total lease liabilities recognised under AASB 16 at 1 July 2020	29,731

The effect of adopting AASB 16 as at 1 July 2020 is shown below:

	30 June 2019	Adjustment	1 July 2019
Assets Right of use assets		29,731	29,731
Total Assets	2,311,052	29,731	2,340,783
Liabilities			
Lease Liability	-	29,731	29.731
Total Liabilities	875,385	29,731	905,116
Total Adjustment on Funds:			
Accumulated Funds	-	-	-
TOTAL	1,435,667	-	1,435,667

3 Summary of accounting policies

3.1 Overall considerations

The significant accounting policies that have been used in the preparation of these financial statements are summarised below.

The financial statements have been prepared using the measurement bases specified by Australian Accounting Standards for each type of asset, liability, income and expense. The measurement bases are more fully described in the accounting policies below.

3.2 Revenue

Revenue comprises revenue from donations which includes funds raised for campaigns. Other income includes referral fees, sublease, interest and other income. Revenue from major sources is shown in Note 4.

Revenue is measured by reference to the fair value of consideration received or receivable by the Company.

Revenue is recognised when the amount of revenue can be measured reliably, collection is probable, the costs incurred or to be incurred can be measured reliably, and when the criteria for each of the Company's different activities have been met. Details of the activity-specific recognition criteria are described below.

Donations, campaign funds received and bequests

Donations, campaign funds and other bequest and contributions are recognised as donations revenue when the Company gains control, economic benefits are probable and the amount of the funds can be measured reliably, in accordance with AASB 1058 – Income of Not-For-Profit Entities. This is generally when the funds are received.

Sublease income

Revenue from the sublease of office and desk space is recognised in accordance with the terms of the relevant agreement on an accruals basis.

Interest income

Interest income is recognised on an accrual basis using the effective interest method.

Grant income

Under AASB 1058, if the Company receives a grant to acquire specific assets, it recognises income when the Company obtains control over the asset. Control over grants is normally obtained upon the receipt of cash. If a grant is received to develop an asset which does not satisfy the recognition criteria in other accounting standards, and there is no enforceable agreement, income is recognized when the funds are obtained.

3.3 Operating expenses

Operating expenses are recognised in profit or loss upon utilisation of the service or at the date of their origin.

3.4 Property, plant and equipment

Plant and other equipment

Plant and other equipment (comprising fittings and furniture) are initially recognised at acquisition cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the Company's management.

Plant and other equipment are subsequently measured using the cost model, cost less subsequent depreciation and impairment losses.

Depreciation is recognised on a diminishing value basis to write down the cost less estimated residual value of buildings, plant and other equipment. The following useful lives are applied:

plant and equipment: 5-15 years
 computer hardware: 2-5 years
 office equipment: 2-15 years

Material residual value estimates and estimates of useful life are updated as required.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within other income or other expenses.

3.5 Leases

AASB 16 has been applied from 1 July 2019. The standard introduces new requirements with respect to lease accounting by removing the distinction between operating and finance leases, requiring the recognition of a right-of-use asset and a lease liability at commencement for all leases except for short-term leases, being those less than 12 months, and leases of low-value assets.

The change in definition of a lease mainly relates to the concept of control. AASB 16 determines whether a contract contains a lease on the basis of whether the customer has the right to control the use of the identified asset for a period of time in exchange for consideration.

At inception of a contract, the company assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration. This involves an assessment of whether: The contract involves the use of an identified asset – this may be explicitly or implicitly identified within the agreement. If the supplier has a substantive substitution right, then there is no identified asset.

The Company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use The Company has the right to direct the use of the asset i.e. decision-making rights in relation to changing how and for what purpose the asset is used.

The company has elected not to separate non-lease components from lease components have accounted for all leases as a single component.

At the lease commencement, the company recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the company believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives.

The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The right-of-use asset is assessed for impairment indicators at each reporting date.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease.

The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the company's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the company's assessment of lease term or index upon which the lease payments are based (e.g. CPI) or a change in the company's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

3.6 Financial instruments

Recognition, initial measurement and derecognition

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

Classification and subsequent measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- · amortised cost
- · fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

Subsequent measurement financial assets

Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

Financial assets at fair value through profit or loss (FVPL)

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

Equity instruments at fair value through other comprehensive income (Equity FVOCI)

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

Impairment of Financial assets

AASB 9's impairment requirements use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Company considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

Trade and other receivables

The Company makes use of a simplified approach in accounting for trade and other receivables records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Company uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The Company assess impairment of trade receivables on a collective basis as they possess credit risk characteristics based on the days past due. The Company writes off fully any amounts that are more than 90 days past due.

Classification and measurement of financial liabilities

The Company's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Company designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

3.7 Income taxes

Tax expense, if applicable, recognised in profit or loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in accumulated funds.

The Company's main source of income is donations. In accordance with a Private Ruling received from the Australian Taxation Office (ATO), such amounts are not considered assessable income.

Current income tax assets and / or liabilities, if applicable, comprise those obligations to, or claims from, the ATO and other fiscal authorities relating to the current or prior reporting periods that are unpaid at the reporting date. Current tax is payable on taxable profit (if applicable), which differs from profit or loss in the financial statements. Calculation of current tax, if applicable, is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred income taxes, if applicable, are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases. However, deferred tax is not provided on the initial recognition of goodwill or on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit. Deferred tax on temporary differences associated with

investments in subsidiaries and joint ventures is not provided if reversal of these temporary differences can be controlled by the Company and it is probable that reversal will not occur in the foreseeable future.

Deferred tax assets and liabilities are calculated (if applicable), without discounting, at tax rates that are expected to apply to their respective period of realisation, provided they are enacted or substantively enacted by the end of the reporting period.

Deferred tax assets, if applicable, including such that might arise from tax losses, are recognised to the extent that it is probable that they will be able to be utilised against future taxable income, based on the Company's forecast of future operating results which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. Deferred tax liabilities are always provided for in full. Deferred tax assets and liabilities are offset only when the Company has a right and intention to set off current tax assets and liabilities from the same taxation authority.

Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income (such as the revaluation of land) or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively. As stated in Note 6, no amounts are recognised for deferred tax assets that may arise from net tax losses from operations where the recoverability of any net tax losses is not anticipated.

3.8 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

3.9 Employee benefits

Short-term employee benefits

Short-term employee benefits are benefits, other than termination benefits, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. Examples of such benefits include wages and salaries, non-monetary benefits and accumulating sick leave. Short-term employee benefits are measured at the undiscounted amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The Company's liabilities for annual leave and long service leave are included in other long-term benefits as they are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are measured at the present value of the expected future payments to be made to employees. The expected future payments incorporate anticipated future wage and salary levels, experience of employee departures and periods of service, and are discounted at rates determined by reference to market yields at the end of the reporting period on high quality corporate bonds that have maturity dates that approximate the timing of the estimated future cash outflows. Any re-measurements arising from experience adjustments and changes in assumptions are recognised in profit or loss in the periods in which the changes

The Company presents employee benefit obligations as current liabilities in the statement of financial position if the Company does not have an unconditional right to defer settlement for at least 12 months after the reporting period, irrespective of when the actual settlement is expected to take place.

3.10 Provisions, contingent liabilities and contingent assets

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

No liability is recognised if an outflow of economic resources as a result of present obligation is not probable. Such situations are disclosed as contingent liabilities, unless the outflow of resources is remote in which case no liability is recognised.

3.11 Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST components of investing and financing activities, which are disclosed as operating cash flows.

3.12 Economic dependence

The Company is dependent upon the ongoing receipt of donations to ensure the ongoing continuance of its programs and campaigns. At the date of this report, management has no reason to believe that this financial support will not continue.

3.13 Significant management judgement in applying accounting policies

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

Long service leave

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Lease accounting

Management recognised a make good estimate for leases held that require management to make good the premises to its original condition on exit of the lease. The make good value has been estimated for the premises under lease, based on an external consultant's evaluation, and incorporated into the calculation of the right of use asset. Lease liabilities have been discounted at the rate implicit in the lease.

Where the borrowing rate implicit in the lease could not be determined, the incremental borrowing rate was estimated by reference to market rates.

4 Operating revenue

The Company's revenue may be analysed as follows for each major product and service category:

	2020 \$	2019 \$
Revenue recognised under AASB 1058 Income of NFP entities		
Donations	9,554,061	12,423,247
Grant and other support income	490,000	450,000
Total revenue	10,044,061	12,873,247
Other operating income		
Sublease income	86,358	144,174
Interest income	25,068	38,503
Other income	45,084	171,923
Total other operating income	156,510	354,600

Refer to Note 3 for details on the accounting policy for revenue recognition under AASB 1058 Income of NFP entities.

5 Employee benefits expense

Expenses recognised for employee benefits are analysed below:

	2020 \$	2019 \$
Wages and salaries	4,696,405	5,894,571
Superannuation	412,005	533,922
Employee benefit provisions (movement in provisions)	(151,561)	190,267
Other employment related expenses	526,995	602,605
Total employee benefits expense	5,483,844	7,221,365

6 Income tax expense

	2020 \$	2019 \$
Operating surplus/ (deficit) (inclusive of non-assessable operations)	1,297,375	(668,608)
Expected tax (benefit) / expense before adjustments	356,778	(183,867)
Reduction/addback for net non-assessable income	(356,778)	183,867
Total income tax expense	Nil	Nil

No amounts are recognised for deferred tax assets that may arise from net tax losses from operations as the recoverability of any net tax losses is not anticipated.

As indicated in Note 3.7, the Company's main source of income is donations. In accordance with a Private Ruling received from the Australian Taxation Office, such amounts are not considered assessable income.

7 Cash and cash equivalents

	2020 \$	2019 \$
Cash at bank	1,998,819	1,547,357
Short term deposits	580,925	197,074
Total cash and cash equivalents	2,579,744	1,744,431

8 Receivables

	2020	2019
	\$	\$
Current		
Operating receivables	9,629	34,647
Allowance for expected credit losses	-	(7,239)
Operating receivables	9,629	27,408
Other receivables	206,243	123,587
GST receivable	91,911	218,874
Total receivables	307,783	369,869

2020

2040

9 Financial assets and liabilities

Categories of financial assets and liabilities

The carrying amounts presented in the statement of financial position relate to the following categories of assets and liabilities:

	Notes	Notes 2020 \$	2019 \$
Financial assets			
Cash and cash equivalents	7	2,579,744	1,744,431
Loans and receivables			
Current:			
receivables	8	307,783	369,869
Financial liabilities			
Financial liabilities measured at amortised cost			
Current:			
trade and other payables	14	87,352	233,330

10 Property, plant and equipment

Details of the Company's property, plant and equipment and their carrying amount are as follows:

	Furniture and Fittings \$	Technology \$	Total \$
Gross carrying amount			
Balance 1 July 2019	59,508	377,972	437,480
Additions	296,682	7,440	304,122
Disposals	(31,430)	(9,893)	(41,323)
Balance 30 June 2020	324,760	375,519	700,279

16 Related party transactions

The Company's related parties include its key management personnel (KMP) and related parties as described below.

Unless otherwise stated, none of the transactions incorporate special terms and conditions and no guarantees were given or received.

16.1 Transactions with related parties

Key management personnel of the Company during the year were 8 senior executives and the 9 persons who were members of the Board of Directors at any time during the year.

	2020	2019
	\$	\$
Total key management personnel compensation	1,121,456	965,832

Chair honorarium:

Carla McGrath \$7,535

Philip Ireland \$9,964

In the prior year a member of key management personnel had a spouse who was also an employee of GetUp Limited.

At 30 June 2020 a total of nil was payable to KMPs in relation to reimbursement of business related expenses (2019: \$Nil).

There were no amounts receivable from related parties at 30 June 2020 (2019: \$nil).

KMP may make donations to the entity on an arm's length basis.

17 Contingent liabilities

The Company has bank guarantees at 30 June 2020 for \$530,628 (2019: \$146,777).

18 Cash flow information

	2020 \$	2019 \$
Reconciliation of cash flows from operations with surplus for the year		
Net (deficit) / surplus for the year	1,297,375	(668,608)
Non-cash items in operating surplus		
Depreciation, gains and losses on disposal of assets	279,210	42,298
Finance charges on leases	83,835	-
Movement in assets and liabilities		
Increase / (decrease) in receivables & other assets	831	(293,351)
(Increase) in payables, accruals & other liabilities	(145,978)	(111,746)
(Decrease) in provisions	(41,561)	190,267
Net cash flow from operating activities	1,473,712	(841,140)

19 Information and declarations to be furnished under the Charitable Fundraising (NSW) Act 1991

The Charitable Fundraising Act 1991 (NSW) covers a variety of fundraising activities. GetUp Limited holds an authority to fundraise under the Act, though it is not, nor is it required to be registered with the Australian Charities and Not-for-profits Commission.

Fundraising activities held throughout the year consists of donations received.

	2020 \$	2019 \$
Details of aggregate fundraising income and expense from fundraising appeals		
Gross income from campaign donations	9,554,061	12,423,247
Total cost of fundraising	(963,236)	(1,132,901)
Net surplus from fundraising	8,590,825	11,290,346

Funds raised from the general public and individual donors are applied against the intended purpose of these donations if this has been communicated to the donor at the time of the appeal. Any surplus funds from a particular campaign would go towards campaigns that have the same or similar purpose. The balance of fundraising income is applied to the general activities of the Company.

20 Post-reporting date events

Ongoing uncertainty from COVID-19 pandemic

The economy and the community continue to be impacted by the ongoing uncertainties arising from the COVID-19 pandemic. Management and the Board continue to closely monitor these uncertainties on GetUp's operations.

Nil other matters.

Directors' Declaration

In the opinion of the Directors of GetUp Limited:

- 1. The financial statements and notes of GetUp Limited are in accordance with the Corporations Act 2001, including:
 - a. Giving a true and fair view of its financial position as at 30 June 2020 and of its performance for the financial year ended on that date; and
 - b. Complying with Australian Accounting Standards Reduced Disclosure Requirements and the Corporations Regulations 2001; and
- 2. There are reasonable grounds to believe that GetUp Limited will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors.

Carla McGrath

Director Director

Dated the 20th day of November 2020

Declaration in accordance with the Charitable Fundraising Act (NSW) 1991

- I, Paul Oosting, National Director of GetUp Limited, declare that:
- The 2020 income statement give a true and fair view of all income and expenditure of the Company with respect to fundraising appeals;
- The 2020 statement of financial position gives a true and fair view of the state of affairs of the Company with respect to fundraising appeals;
- 3. The provisions of the Charitable Fundraising Act (NSW) 1991 and the Regulation under the Act and the conditions attached to the authority have been complied with during the year ended 30 June 2020; and
- The internal controls exercised by the Company are appropriate and effective in accounting for all income received.

Independent Auditor's Report

To the Members of GetUp Limited

Report on the audit of the financial report

Opinion

We have audited the financial report of GetUp Limited (the "Company"), which comprises the statement of financial position as at 30 June 2020, the statement of profit or loss and other comprehensive income, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion:

- 1. The accompanying financial report of the Company is in accordance with the Corporations Act 2001, including:
 - a. giving a true and fair view of the Company's financial position as at 30 June 2020 and of its performance for the year ended on that date; and
 - b. complying with Australian Accounting Standards and the Corporations Regulations 2001.
- 2. The financial report of GetUp Limited shows a true and fair view of the financial result of its fundraising appeals for the year ended 30 June 2020;
- 3. The financial report and associated records of GetUp Limited have been properly kept during the year ended 30 June 2020 by the Company in accordance with the Charitable Fundraising Act 1991 and Regulations 2015;
- 4. Money received as a result of fundraising appeals conducted during the year ended 30 June 2020 by GetUp Limited has been properly accounted for and applied in accordance with the Charitable Fundraising Act (NSW) 1991 and Regulations 2015; and
- 5. There are reasonable grounds to believe that GetUp Limited will be able to pay its debts as and when they fall due.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Grant Thornton Audit Pty Ltd ACN 130 913 594 a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389 www.grantthornton.com.au

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Information other than the financial report and auditor's report thereon

The Directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards, the Corporations Act 2001 and the Charitable Fundraising Act (NSW) 1991. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and
 perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to
 provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
 in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal
 control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
